➤ frequently asked questions

what should i wear?

Comfortable walking shoes are recommended for all shore excursions. When you visit places of worship, we recommend dressing conservatively (no shorts or sleeveless tops), but casual clothing is perfectly acceptable. Dress in layers and have a jacket along. Bring an umbrella or raincoat, a hat and sunscreen.

what about meals?

Most tour departures complement the ship's meal service hours. In-room dining is available on board.

how will i know what time each tour departs?

The on-board Shore Excursions Order Form in your stateroom will show departure times. This information will also be printed on your shore excursion tickets, which you will receive on board. Approximate tour departure times are posted on our website at www.hollandamerica.com.

i have a disability. how do i know which tours will best suit me? will i have a problem (dis)embarking the ship?

Guests with disabilities should inquire in advance whether a shore excursion will be able to accommodate their needs. We have graded the Shore Excursions according to the relative level of activity they entail. The walking icons that appear at the beginning of each tour description provide a general idea of the level of activity to expect. Please refer to the "How to Choose Your Tours" section in this brochure for specific information on the walking icons. It is important to keep in mind that shore excursion operators are subject to the laws of their own country including with respect to accommodating the needs of guests with disabilities. In most foreign countries, the laws are not as stringent as those in the United States. Please speak with the Shore Excursions Office as to whether you can expect to encounter difficulties (dis)embarking the ship in a particular port of call. In this regard, the decision whether or not to carry or provide other mobility assistance to a guest and their mobility assistance device (wheelchair, walker, etc.) up or down a ship's gangway, or on or off a tender boat, is at the sole discretion of the Captain,

made based on his evaluation of guest and crew safety. We encourage you to bring a collapsible wheelchair as space limitations may restrict the ability of some tour operators to accommodate motorized mobility aid devices.

i am traveling with friends and we would like to be on the same motor coach

The departure location for each shore excursion is printed on your shore excursion tickets. If you wish to travel with friends, please arrive at the designated meeting place together. This will enable the staff to allocate space for you on the same vehicle.

tour durations

The individual tour descriptions include approximate durations. To allow our Shore Excursions Managers flexibility to coordinate your time in port with meals and activities on the ship, exact departure times are published in the Shore Excursions Order Form on board. For more information, please attend the Shore Excursions Presentation or visit the Shore Excursions Office.

tour descriptions

Tour descriptions may change after printing. Information that becomes available after this brochure is published will be posted in the Shore Excursions section of our website, which can be found online at www.hollandamerica.com. Significant changes will be noted on the Shore Excursions Order Form on board. Tour schedules are subject to change.

➤ expand the experience: take more than one tour in each port

Make the most of your time in each port by combining different half-day tours to complete a full day of sightseeing. You might want to consider a morning cooking class with an afternoon walking tour; a morning stroll through a mosaic-lined church and an afternoon of sampling local wine at a vineyard; or even a bike ride and an evening cultural performance—all in one day! Whatever your interests, and whichever pace suits you best, there's a huge variety of tours to mix and match in this brochure. To make combining easy, for tour departure times and durations, visit our website at www.hollandamerica.com.

➤ how to choose your tours

Choose your shore excursions by using these icons as a general guide to the level of activity involved, and select the shore excursions best suited to your physical capabilities.

easy activity: Very light activity including short distances to walk; may include some steps.

moderate activity: Requires intermittent effort throughout, including walking medium distances over uneven surfaces and/or steps.

strenuous activity: Requires active participation, walking long distances over uneven and steep terrain or on steps. In certain instances, paddling or other non-walking activity is required and guests must be able to participate without discomfort or difficulty breathing.

panoramic: Specially designed for guests who enjoy a slower pace, these excursions offer sightseeing mainly from the transportation vehicle, with few or no stops, and no mandatory disembarkation during the tour. As vehicles outside the USA are rarely lift-equipped and ramps are seldom available, a very small amount of walking will be necessary. The pace will be gentle and taking your time is encouraged.

limited capacity: The number of people able to participate in this tour is strictly limited. Reasons for limiting capacity may include the number of transportation seats available, or to maintain a safe ratio of guides for hikes, fishing and water activities. Tours require a minimum number of participants to operate.

meal: This tour includes a meal—lunch on daytime tours, or dinner on evening tours.

snack: This tour includes a small snack or tasting of local specialties. The snack is not a meal.

► the collections of Holland America Line

What fascinates you? A cooking class with a local chef? A private car, complete with driver and guide, so you can explore near or far? A chance to encounter wildlife or view natural wonders up close? The Collections of Holland America Line represent a small subset of the shore excursions you will find in this brochure. Each collection offers its own particular focus and is available only in select ports.

Medallion Collection

A series of exclusive experiences designed to accommodate our most discerning guests, our Medallion Collection tours are each carefully chosen to provide an in-depth perspective. They offer unparalleled access to events and sights not normally readily available. First-class style, smaller groups, multi-day Overland Adventures—elite activities for a privileged few.

Encore Collection

Been there, done that? Think again. Our Encore Collection, designed especially for repeat guests, lets you discover what lies beyond the well-known attractions you've already seen. Barbecue with Argentine gauchos, bike the tree-lined boulevards of Barcelona, ride an Icelandic pony across a windswept beach near Reykjavik. These tours showcase hidden gems, unusual angles and inside stories that will bring you back time and again.

World Wonders Collection

Natural treasures, architectural marvels, technical wonders: to the Seven Wonders of the World we add our own nominations based on decades of leadership in global travel—the sandstone city of Petra, the *moai* statues of Easter Island, and the Great Wall of China, among others. What they have in common is the ability to inspire awe.

Cruise with Purpose Collection

For every global citizen who has ever dreamed of either giving back or paying it forward, the innovative Cruise with Purpose Collection is quite simply about improving our planet one voyage at a time. Assist in scientific research, bring much-needed supplies to an orphanage, participate in a fair trade scheme or cultural

exchange, replant native forest or restore fragile habitat—your footprint will be light and your soul enriched.

Signature Collection

This exclusive touring option for independent-minded travelers lets you completely customize and maximize your time ashore by reserving private transportation (along with an English-speaking driver and guide) in advance. Whether you travel by car or minivan, customized boat, classic floatplane or stretch SUV limousine, you choose the companions, sights and pace that perfectly suit you.

to whom is the signature collection suited? The Signature Collection is for solo travelers, couples, families, friends and special interest groups traveling together. This may also be an excellent choice for non-ambulatory guests. Value and flexibility are just two of the advantages of first-class touring and luxury transportation. Privacy, comfort, safety, and personalized guide service are also yours to enjoy.

about the transportation: Each type of transportation will be of the highest grade available in that port. Not all modes of transportation are available in all locations. For information about the transportation sizes and availability, please see our website at www.hollandamerica.com.

pricing: The cost of each type of transportation will be published online at www.hollandamerica.com.

also included: The cost includes the service of a driver and English-speaking guide, unlimited mileage, road tolls, parking fees and bottled water.

not included (unless otherwise noted): Guests' entrance fees for attractions are not included in the price due to the wide range of attraction possibilities, uncertain number of attractions to be visited, and varying number of guests participating. We strongly

recommend that you bring some local currency to cover such costs as credit cards are not readily accepted in some ports. Lunch will not be included on any tour as many guests prefer to select their own dining venue.

itinerary planning: If you need help planning your personal itinerary, the Port Lecturer and/or Shore Excursions Manager can assist you and will gladly answer your questions. This can be very helpful in many destinations where travel time, location, holidays, and opening hours of attractions need to be taken into consideration in order to maximize the efficiency of your time ashore.

online reservations: The fastest and easiest way for you to reserve and pay for your Signature Collection experience is on the Holland America Line website. Visit us online at www.hollandamerica.com. Please note the cost will be per mode of transportation (not per person), so only one person in the party needs to make the reservation. The price shown on the website is the total cost for the transportation, driver and guide (not a per-person price). In many ports, availability is extremely limited. Please reserve as early as possible.

payment & tour vouchers: Your credit card will be charged after your reservation is confirmed. Next, start planning what you'll do with your Signature Collection experience in each port. On board the ship, you will be given a form to advise the Shore Excursions Office of the itinerary you have chosen.

booking on board: The Signature Collection may be available for booking once you are on the ship, but this cannot be guaranteed. Please check with the Shore Excursions Office on board.

disembarking the ship: In some disembarkation ports, a private vehicle and guide can be used for sightseeing en route to the airport. When booking, please advise the total amount of luggage for your party. Size of vehicle and luggage space may limit the number of guests in the vehicle.

Enjoy the views as you pass Christiansborg Palace and the Nyhavn canal area, heading into the inner harbor to spot the famous Little Mermaid statue along the way. Dragoer Fishing Village

Departs: 1:15 PM
 Approximately 3 Hours
 Adult \$89.00; Child \$39.00

This scenic tour will take you to Dragoer, one of Denmark's oldest and quaintest fishing villages. Your guide will take you on a leisurely stroll through the cobblestoned back streets of this historic village to the bustling harbor. The well-preserved state of the town is due to the fact that conservation work was started very early, in 1934. In 1968, it was decided to prohibit parking in the entire old district, and in 1978, Dragoer became Denmark's first "pedestrian town." After your guided tour, free time will be given to explore the village on your own, or perhaps to visit

some of the small handicraft shops that line the main street. One of the highlights of the tour is the fantastic view of the Oresund Bridge connecting Denmark and Sweden as of July 1, 2000. Coffee or tea and a Danish pastry will be served at the harbor front hotel before you return to Copenhagen and the ship.

Please note:

Open Air History of Denmark

Departs: 1:00 PM
 Approximately 3 Hours
 Adult \$54.00; Child \$29.00

Enjoy a great opportunity to learn about the everyday life of Danes in the 18th and 19th century in one of the largest and oldest open-air museums in the world. A great outdoors experience for kids and adults alike awaits, just a half hour from Copenhagen. The **Open-Air Museum** was founded in 1897 and is today spread across 86 acres of land and features more than 50 farms, mills and houses from the period 1650-1950. Virtually every region in Denmark and the Faroe Islands as well as the former Danish provinces of southern Sweden and northern Germany, is represented so at the Open-Air Museum. You can travel the length and breadth of historic Denmark in a single afternoon. The buildings are furnished and fitted with household effects to illustrate everyday life and daily chores in the old farmsteads and rural cottages, especially in the 18th and 19th centuries. The houses have been laid out according to region, and the gardens and landscapes bear testimony of distinctive features in the different parts of Denmark. Museum staff and volunteers populate the

houses and museum grounds, dress in period costumes and engage in typical household and agricultural chores for visitors to watch or take part in. You may freely walk in and out of the houses, watch demonstrations of typical chores and activities, speak with the staff and take part in some of the activities if you like. Throughout the summer, theater, music and dance performances, craftsmanship workshops and various activities ensure that there is always something interesting going on. Many household animals roam the grounds freely, much as they did in the past, and are tame enough to pet. If the kids tire of walking, there are small pull carts available or you can hop aboard a horse-drawn carriage (at your own expense). The museum also features a café and a gift shop with interesting period memorabilia. After your visit here, return to the cruise ship by coach.

Please note: Wear sturdy footwear and clothing appropriate to the weather conditions. Interacting with any animals is at your own risk.

Panoramic Copenhagen & Tivoli Gardens

Departs: 12:30 PM
 Approximately 4 Hours
 Adult \$99.00; Child \$49.00

A luxury coach will take you on the lovely tour through the streets of **Copenhagen**. As you travel through the city, you will pass the Stock Exchange, Christianborg Palace, the Danish Parliament, City Hall Square, the main shopping area, Stroegtet and Rosenborg Castle. You will also see Copenhagen's famous Gefion Fountain set amid the parkland of the Kastellet, depicting the Nordic legend of the goddess Gefion. Watch for Amalienborg Palace (exterior view only), the winter residence of the Royal Family, which consists of four equal-sized rococo palaces situated on one of the most beautiful squares in Europe. You will pass through the colorful and lively Nyhavn waterfront district—once the favorite haunt for sailors. Today the canal district is lined with 500-year-old gabled houses, sidewalk cafés and bars. Author Hans Christian Andersen lived at three different addresses along the Nyhavn Canal. From Nyhavn, you'll head to **Tivoli Gardens**—at the top of everyone's list of places to visit in Copenhagen. Founded in 1843, Tivoli is a beautiful, romantic park with lanterns in the trees that create a magical atmosphere. It has open-air stages for music and theatre, and a wealth of high-class restaurants. This magical park which is more than 160 years old has inspired many people:

Hans Christian Andersen took the idea for his fairy tale about the Nightingale from Tivoli, and Walt Disney drew inspiration for Disneyland from the garden during several visits in the 1950s. Tivoli, with its world-famous location in the center of Copenhagen, has something for everyone. Before exploring the park, enjoy a **drink** in one of Tivoli's traditional reception rooms. The interior is beautiful and very Scandinavian. Stroll around Tivoli Gardens to see the beautiful flowers and the amusements. Neon lights are banned here, and the lighting style at Tivoli has lent its name to the Christmas lights on Park Avenue in New York, also known as "Tivoli Lights." On your way back to your cruise ship, you will see the **Little Mermaid** sculpture modeled on the fairytale creation of Hans Christian Andersen.

Please note: This tour is only available to guests returning to the ship.

A UNESCO World Heritage Site: Medieval Lubeck & its Famous Marzipan

Departs: 9:00 AM
Approximately 8½ - 9 Hours
Adult \$249.00; Child \$149.00

Once known as the "Queen of the Hanseatic League" the Free Imperial and Hanseatic City of Lübeck is steeped in history and tradition. The Old Town, located on an oval-shaped island, is one of Europe's most impressive, intact examples of medieval Gothic architecture. Lübeck's proud, old, patrician houses and redbrick churches are now included on the UNESCO World Heritage list. Depart the quayside in Warnemünde by coach and head for **Lübeck**. Once you arrive in the ancient town, you will set out on a historical **walk through the city**. Enjoy the medieval ambiance of the **Altstadt** (old city) with its well-known Holsten Gate—the landmark of the city and one of the few relics of the original fortress. Visit **St. Marien Church**—a fine example of the many redbrick churches along the Baltic Sea. You will pass by the Gothic *Rathaus* (City Hall), one of the oldest in Germany. During your walk you will take in all the **redbrick Gothic architecture**, which still dominates the Old Town area today. Continue past one of the first old age homes in Germany, the Heiligen Geist Hospital, as well as Buddenbrooks House, home of the famous writers Heinrich and Thomas Mann, both born in Lübeck.

Your guide will point out the Fuechtingshof—one of the most quaint and impressive of the city's 82 Wohngänge (alleyways). Your sightseeing excursion will continue by boat, taking you around the island of the old town. Gain a different perspective of the city while sipping **sparkling wine** or enjoying a glass of **German beer**. Back on dry land, spend some time at leisure (time permitting) strolling through the old city with its many **quaint shops**. Finally, you will visit the **Niederegger Café** to sample coffee or tea and the world famous Lübecker Marzipan before returning to the ship at Warnemunde.

Berlin Highlights: Sachsenhausen Concentration Camp & the Holocaust Memorial

Departs: 7:00 AM
Approximately 13 - 14 Hours
Adult \$299.00; Child \$159.00

After the war, **Sachsenhausen Concentration Camp** was behind the Iron Curtain in the sector of East Germany that was ruled by the Soviet Union, and Americans were not able to visit it until very recently. About 6,000 Jews were forcibly brought here after Kristallnacht alone, and it was here that some of the first experiments in organized mass

murder were made. The scale of the terror remembered here can be very disturbing; however, simply by visiting here you can help change the future—as Winston Churchill said, "The further backward you can look, the further forward you are likely to see." Your next stop will be at the **Bebelplatz** where, below ground level, lies the Empty Library—the city's most original memorial to honor ostracized authors whose books were burned on this site by students and Nazis in 1933. Keep an eye out for remnants of the Berlin Wall, the Brandenburg Gate, and the Reichstag parliament building. You will also stop briefly for photos at the site of the former Checkpoint Charlie, the legendary border crossing where spies were exchanged between the American and Soviet sectors during the Cold War. Drive through the **Kurfürstendamm**—Berlin's version of the Champs Elysées—and pass the Gendarmenmarkt. The latter is the prettiest square in Berlin with an architectural ensemble comprised of the theatre, the German Cathedral and the French Cathedral. You will pass the Neue Synagoge—Berlin's most prominent Jewish landmark. Your guide will point out the Haeckesche Hoefe complex, with its elegant ceramic façades, built by Jewish idealists in 1906-07. This area symbolizes Berlin's new center, having miraculously survived two wars, and it houses an up-market collection of shops, galleries, theatres, cabarets, cafés, restaurants and cinemas. You will also stop for an outside visit at the **Holocaust Memorial** that

officially opened in 2005 and was designed by New Yorker Peter Eisenman. This foundation for the Memorial to the Murdered Jews of Europe is a central place for remembrance to the victims and a place of warning. It is about "Remembrance, Responsibility and Future." In his attempt to present a new idea of memory as distinct from nostalgia, Eisenman reflects, "We can only know the past today through a manifestation in the present."

Please note: The order of the tour will likely vary in order to accommodate time and traffic where necessary. This tour does not include an inside visit to the Holocaust Memorial Visitor Center—it includes a visit to the Memorial only. On Mondays, the museums at the former Concentration Camp as well as the archive and library are officially closed; however, guests will have access to the grounds and the most important sights can be visited.

You will be given instructions at what time to meet your escort and coach again for the return coach transfer to the station from where your train to Warnemünde departs. This tour will give you an excellent overview of Germany's capital. After your day of sightseeing in Berlin, the return train ride also offers a **light snack** and a soft drink.

Berlin by Riverboat & Train

Departs: 7:00 AM
Approximately 13 - 14 Hours
Adult \$394.00; Child \$249.00

Among Berlin famous highlights that you will see today, one of the most memorable is a remnant of the **Berlin Wall**—chilling proof of what was the city's most notorious landmark for 28 years. Watch for the Kaiser Wilhelm Memorial Church preserved as a ruin after World War II, and the **Brandenburg Gate** which, more than any other monument, symbolizes the German and European unification and will always be known as the border between East and West Germany. You'll see the Reichstag parliament building, awakened after a long political "deep sleep" when the German government repositioned fback to Berlin from the West German capital at Bonn. You will also stop briefly for photos at the site of the former **Checkpoint Charlie**, where today a young "Soviet soldier" will greet you on the legendary border crossing where spies were exchanged between the American and Soviet sectors during the Cold War. Pass by Berlin's Protestant Cathedral, built between 1894 and 1905 in neo-Renaissance style. In central Berlin, you will board a **riverboat** on the banks of the **Spree River** and follow one of Berlin's most charming waterways alongside the parliament buildings and some of the city's most important museums. From the riverboat, while enjoying some traditional coffee and **German cake**, watch for the Palace of the Republic, Museum Island, the Reichstag, Charité Hospital, the new Chancellery and the House of Cultures. After your cruise, you'll stop for a **pub lunch** at a traditional German restaurant. Continue

your tour by coach to the **Reichstag parliament building** for a **German sparkling wine** reception either on the roof terrace or within the Reichstag building itself. You will have breathtaking views of the Pariser Platz and the Brandenburg Gate, and you will also have the opportunity to wander around and inspect the famous **glass cupola** designed by British architect Sir Norman Foster. Drive through the **Kurfürstendamm**—Berlin's version of the Champs Elysées—and past the impressive Charlottenburg Castle built in 1695. This was a "small" summer residence named for Sophie Charlotte, the wife of the first Prussian King, Friedrich I.

Please note: The order of the tours will likely vary in order to accommodate time and traffic where necessary.

Berlin in a Nutshell: Pergamon Museum & Berlin Cathedral

Departs: 7:00 AM
Approximately 13 - 14 Hours
Adult \$349.00; Child \$189.00

On arrival in Berlin, your first stop will be at **Bebelplatz** where, below ground level, lies the Empty Library—the city's most original memorial to honor ostracized authors whose books were burned on this site by students and Nazis in 1933. Some of the other famous highlights that you will see include remnants of the Berlin Wall and the **Brandenburg Gate**, which more than any other monument symbolizes the German and European unification and will always be known as the border between East and West Germany. Nearby is the Reichstag parliament building. Take advantage of a brief photo stop at the site of the former **Checkpoint Charlie**—the

legendary border crossing where spies were exchanged between the American and Soviet sectors during the Cold War. Step inside the **Berlin Cathedral** with its neo-Baroque interior and massive dome. This enormous cathedral, built between 1894 and 1905, is a stunning example of the neo-Renaissance style of Berlin. During the Second World War, the building was hit by a firebomb which severely damaged most of the building, but it has now been restored in a simplified form, including the dismantling of the Hohenzollern mausoleum. Drive along the **Kurfürstendamm**—Berlin's version of the Champs Elysées—and pass the impressive Charlottenburg Castle built in 1695. The Gendarmenmarkt—the quaintest square in Berlin—boasts an architectural ensemble comprised of the theatre, the German Cathedral and the French Cathedral. Continue to the **Pergamon Museum**, showcasing a must-see collection of antiquities. The Pergamon Museum is one of the world's major archeological museums and you'll have time for a memorable inside visit. Return to Warnemünde after a truly fascinating day in Berlin.

Please note: The order of the tour will likely vary in order to accommodate time and traffic where necessary.

Berlin's Top Ten

Departs: 7:00 AM
 Approximately 13 - 14 Hours
 Adult \$274.00; Child \$149.00

Upon arrival in **Berlin**, you will stop for photos at the **Berlin Wall's East Side Gallery**— an approximately ¼-mile section of the wall near the center of Berlin. 106 paintings by artists from all over the world cover this memorial and make it the largest open-air gallery in the world. You can also snap some photos of **Checkpoint Charlie**, possibly the world's best-known Allied Checkpoint for Allied military, foreigners and diplomats on foot or by car. After criss-crossing the Friedrichstrasse for some **souvenir shopping**, you will head straight to **Bebelplatz**. It was here that, in 1933, the Nazis ordered the burning of books by National Socialist students. The works of hundreds of free authors, publishers, philosophers and scientists went up in flames. Here a symbolic underground library is left empty with the space for 20,000 books. Step off the coach for photos. You will also pass by Potsdamer Platz, formerly a no-man's land between East and West. The first gap in the Berlin Wall was made here in 1989. Today a pristine block of futuristic glass-and-steel skyscrapers includes the headquarters of Sony Europe. Europe's first traffic light was installed on this very in 1924. A few blocks away, close to the site where Hitler's bunker was hidden, a somber memorial commemorates the Jews who perished in Europe during World War II. Stop at the **Holocaust Memorial** for photos before making your way over to the famous **Brandenburg Gate** which, more than anything else, symbolizes Berlin's history.

Close by you will see the **Reichstag** building, Germany's seat of Parliament, sporting the world's largest glass dome, designed by the famous architect, Sir Norman Foster. Those with a fondness for Prussian history will enjoy a brief **stop for photos at Charlottenburg Palace**—the oldest surviving Prussian palace. It reflects the splendor and grandeur of the Hohenzollern dynasty. A drive into the former western part of Berlin will take you along the **Kurfuerstendamm** (Ku-Damm), West Berlin's most famous street. You will pass by the Kaiser Wilhelm Gedächtniskirche (also known as the hollow -tooth), which serves as a stark reminder of the damage done by the war. Close by you will pass the largest department store on the continent of Europe, KaDeWe. This shopping paradise is a legend and had its 100th birthday in 2007. A short drive will bring you to **Berlin's Hauptbahnhof** (Main Train Station). The building has been dubbed an architectural and logistical wonder, with trains arriving and departing in all directions every 90 seconds. Spend time shopping at KaDeWe or at the station before returning to the quayside in Warnemunde.

Please note: This excursion includes numerous photo stops where guests get on and off the coach; thus it is not recommended for guests who use a wheelchair.

Chugging from Cathedral to Coast

Departs: 8:45 AM
 Approximately 4½ Hours
 Adult \$99.00; Child \$49.00

Visit **Bad Doberan**, the former summer residence of the Dukes of Mecklenburg, packed with grand examples of Gothic redbrick architecture. The town lies 10 miles to the west of Warnemünde. **Bad Doberan's Cathedral** is distinguished by its rural setting, rare among medieval churches, towering above the surrounding meadows and trees unencumbered by narrow urban streets. Unlike most town churches, it lacks the scale for comparison that neighboring houses usually afford. Built between 1294 and 1368, this awesome Gothic church makes Bad Doberan a popular destination for visitors. Nearby **Heiligendamm** was Germany's first Seebad (seaside resort). Your journey will continue to Heiligendamm on board the "Molli" **narrow-gauge steam train**, which has connected Heiligendamm with Bad Doberan since 1886 and is still in use today, "puffing" at approximately 22 miles per hour. During this trip, you will pass along Europe's longest avenue of Linden trees, also referred to as the "green tunnel." On arrival in Heiligendamm, board your coach for a short transfer to **Kühlungsborn**, another old seaside resort. Treat yourself to a lovely walk to the sea bridge before stopping for a refreshing cup of tea or **coffee and cake** at one of the coffee shops in this holiday-town atmosphere.

Please note: The ride on the Molli train may be in the opposite direction, from Kuehlungsborn to Heiligendamm and the walk on the beach promenade in

Kühlungsborn may be exchanged for time in Heiligendamm.

 Approximately 13 - 14 Hours
 Adult \$384.00; Child \$229.00

Your first stop in Berlin will be at a remnant of the **Berlin Wall** and the famous former border crossing, **Checkpoint Charlie**. From here you will continue to the **Brandenburg Gate**, which, more than any other monument, symbolizes the German and European reunification. Close by, you will pass the Reichstag government building and the new Holocaust Memorial. Drive along the **Kurfürstendamm**, Berlin's version of the Champs Elysées, and past the Kaiser Wilhelm Memorial Church. Pass the Gendarmenmarkt Square in Berlin, surrounded by the theatre, the German Cathedral and the French Cathedral, before continuing to **Potsdam**, capital of the Brandenburg State, with a Baroque city center and numerous palaces. On arrival at **Lake Wannsee**, you will board a **riverboat** for a scenic journey past the Glienicke Bridge, where spies were swapped between the American and Soviet sectors during the Cold War. The first time this ever happened was in 1962, when the American pilot of an espionage U-2 and KGB spy Rudolf Ivanovich Abel were exchanged. Continue to the lovely **Cecilienhof Palace** for an outside visit. The palace was built in 1916 in the style of an English country house and was the site of the Allied Potsdamer Conference where the borders of Europe were redrawn after World War II. An historic conference was held here between Churchill,

Truman and Stalin to arrange the future of defeated Germany. Today, most of the palace is a comfortable hotel. **Lunch** will be served at a local pub-style restaurant. Continue to the magnificent centerpiece of the Potsdam park landscape—the **Palace of Sanssouci**—set above six vineyard terraces. Take a few minutes to view this castle from the outside before returning to the train station for your journey back to Warnemunde.

Please note: Tour is available only to guests sailing on the ms Eurodam and ms Rotterdam.

Rostock's Top 10

Departs: 1:30 PM
 Approximately 3½ Hours
 Adult \$64.00; Child \$34.00

It's a 30-minute ride into the heart of the **Hanseatic city of Rostock**. While other towns pay homage to glass and aluminium, the buildings in this old Hanseatic city pays tribute to diverse architectural eras, from medieval to the 1950s in the center, and from 19th-century villas in the suburbs to modern housing blocks. You will cover most of the sights on foot, with a walk through Mecklenburg Vorpommern's largest city. Top ten sights you will see are: (1) the **University of Rostock**, founded in 1419. This is the oldest and largest university in continental northern Europe and the Baltic Sea area as well as the second-oldest in northern Europe after the University of St. Andrews. (2) **Kröpeliner Strasse & Gate**. Kröpeliner Tor is one of four of the 22 original city gates to survive the ravages of time. The Hanseatic trade route of the League once began here. Kroepeliner Strasse is a popular boulevard for pedestrians with many stores and cafés. It is lined with many gabled houses from the 17th and 19th centuries. Here you will also see the fountain of joy with its cheerful bronze sculptures. Even though the city center was largely destroyed during World War II, you will still find many historical buildings in this district. (3) **New Market Square**. This medieval square is lined with six original carefully-preserved, gabled houses from the 15th and 16th centuries. This astounding building dates back to the 13th century and features seven pointed towers, a Gothic ornamental façade and a Baroque front structure. (4) **St. Mary's** is an imposing brick

Gothic church built in the 13th century—its amazing astrological clock is still in working condition with its completely accurate calendar up to the year 2017. Enter the church at your own expense. (5) **The Convent of the Holy Cross** was founded around 1270 by Cistercian nuns. This generally well-preserved monastery complex still conveys an impression of its original seclusion. (6) **Lange Strasse**—a prestigious boulevard with residential and office buildings in Stalinist-style covered over with brick Gothic elements. (7) **Steintor & Ständehaus**—Steintor, was erected at the site of a destroyed predecessor from the Middle Ages in 1577 and looks like a mighty cube with a cap; the Ständehaus is where Mecklenburg's crafts tradespeople used to hold meetings. It is a very ornamental neo-Gothic brick building built in 1893. (8) **Old Harbour & Warehouse Complex**. Rostock has long traditions in shipbuilding and trade, and the Hanseatic town flourished as a trading center in the Middle Ages. Drive past the old harbor area where old and modern ships and restaurants are located right next to the water. (9) **Concrete slab structures**—in sharp contrast to the charming buildings of Old Rostock, these modern, functional buildings were built during the 1960s by the German Democratic Republic (GDR—East Germany). Today about 60% of Rostock's population lives in such structures. (10) **Warnemünde**—the fishing village acquired by Rostock's town council in 1323—an old seaside resort known for its lovely villas, fishermen's and captain's houses.

Wismar: A Baltic Beauty & UNESCO World Heritage Site

Departs: 2:30 PM

Approximately 5 Hours

Adult \$99.00; Child \$59.00

Wismar's history began in the distant past, in the times of Wendish tribes. Situated near the legendary Via Regia, a Roman Road and the former east-west trading route, Wismar has been a well-known trading destination for hundreds of years. It was founded in 1229 and was among the first cities established in Mecklenburg. Merchants, guild-members, barrel makers, picklers, sailors, fishermen, traders and builders were drawn in to create a flourishing commercial center humming with friendly hustle and bustle. As a consequence of the thriving trade, pirates too were present. It is rumored that Klaus Stoertebecker, a legend in his own time and a well-known freebooter, was born in Wismar and lived here from 1370 to 1386. Depart Warnemünde by coach and transfer directly to **Wismar**, approximately a one-hour drive. During a short, guided walk, you will enjoy a brief overview of this quaint **Hanseatic city**. Pass along cobblestone streets with Gothic houses, Baroque buildings and Renaissance façades to

see the Classical *Rathaus* (Town Hall), the water tower, the historic drainage system, and merchants' houses from the Middle Ages. You've come to the right place for good beer. In the Hanseatic period, the citizens of Wismar drank Mumme, a strong dark beer. Enjoy a **beer tasting** and a traditional **German snack** within the nostalgic atmosphere of the **Brauerei am Lohberg**—a brewery and pub that first opened in the Middle Ages. Return to Warnemünde by coach after having experienced this lovely city and the centuries-old tradition of beer brewing in Wismar.

Please note: Most shops will be closed on Sundays.

An Evening at the Hermitage

Departs: 7:00 PM
Approximately 3 Hours
Adult \$114.00; Child \$99.00

The Hermitage Museum will open at night for an evening viewing exclusively for Holland America guests. Czarina Catherine the Great created the Hermitage in 1764 and it now ranks among the world's finest museums. Her original purchase of 225 canvasses by Dutch and Flemish masters provided the nucleus of today's collection, which consists of almost three million exhibits and represents many cultures. The museum boasts 353 rooms, filled with masterpieces by Raphael, Titan, Giorgione, Michelangelo, Leonardo Da Vinci and others. Located within the Winter Palace on the banks of the Neva River, the Hermitage Museum is a work of art in itself. As you marvel at the wonderful paintings and tapestries that adorn the museum walls, pay special attention to the spectacular staircases, marble structures, malachite columns and highly decorated floors and ceilings, in this former residence of the mighty Russian Czars.

Please note: The Hermitage requires considerable walking and stair climbing. The Russian government charges a nominal fee to use your camera and video inside various palaces and museums of St. Petersburg. Fees are payable to your guide and correct change is required. Current information will be provided on board as prices are subject to change. This tour requires extensive walking.

An Evening of Russian Ballet

Departs: 7:15 PM
Approximately 3½ Hours
Adult \$99.00; Child \$79.00

St. Petersburg is arguably the Ballet Capital of Russia. Ballet came here from Europe at the beginning of the 18th century quite unexpectedly, and coincided with a period of cultural adaptation, which made it easy for Russians to accept this strange manner of dancing. A Russian ballet school and theatre were created with the help of Italian and French choreographers, coaches, artists, composers, and dancers. The triumph of Russian ballet at the beginning of the 20th century was noted in Paris, where the art of ballet was almost lost at that time. At a **musical theatre** in St. Petersburg, with a comfortable interior, you will enjoy one of the best of **classical ballets**—*Giselle*, *Swan Lake* or *The Nutcracker* (or similar) with a Gala Performance of the Mariinsky (Kirov) Ballet Soloists. After the show, your coach will be waiting right in front of the theatre to return you to your ship.

Please note: The theatre is not wheelchair accessible; there are stairs and no elevator. Photo and video recording is not allowed during the performance.

Catherine's Palace & Pavlovsk (Paul's Palace)

Departs: 8:30 AM
Approximately 7 Hours
Adult \$149.00; Child \$69.00

It is one-hour drive from St. Petersburg to reach **Catherine's Palace**—truly an architectural masterpiece and a magnificent museum. Its 978-foot façade is an ornate masterpiece in white, gold and blue. Within the palace is a series of magnificent rooms, including the famous Picture Gallery and the Great Hall. You will also see the amazing **Amber Room**, stolen by the Nazis during the war, smuggled to Paraguay (legend holds) and lost forever. Now, Russian craftsmen have piece-by-piece reconstructed the dazzling panels of semi-precious stone, amassing a stunning, multi-hued collection designed to leave the observer breathless. Splendid gardens and "small" pavilions enhance the richly ornamented exterior of the palace. After **lunch**, you will enjoy a tour of **Paul's Palace**—a gift from Catherine the Great to her son Paul on the occasion of the birth of his son, Alexander. The palace's Grecian hall is adorned with green fluted Corinthian columns, making the ballroom the most elegant room of the Palace. Maria's rooms gave Pavlovsk a distinct charm rather than grandeur. Paul's rooms are richly adorned with mahogany and heavy gilding. Pavlovsk Park is one of the largest in Europe with ponds, valleys, waterfalls and statues.

Please note: The Russian government charges

a nominal fee to use your camera and video inside various palaces and museums of St. Petersburg. Fees are payable in US dollars to your guide and correct change is required. Current information will be provided on board as prices are subject to change.

Petrodvorets (or **Peterhof**), the town of palaces, is located on the south shore of the Gulf of Finland, about 25 miles from the pier in St. Petersburg. Built in 1710 as the summer residence of Peter the Great, this lovely complex of gilded fountains and sprawling parks rivals even Versailles. After a motor coach ride from the ship, you'll see Peterhof's picturesque **French gardens**, fountains, waterfalls, staircases and stunning marble statues. The 64 fountains, built in 1721, use almost 8,000 gallons of water per minute, without the use of pumping stations. In the middle of the grounds lies the spectacular **Grand Palace**, built in Baroque and Russian styles. It features hundreds of rooms comprising the Palace's state apartments. Just some of the amazing rooms you will see include the Large Throne room used for ceremonies and receptions, the Partridge Dining Room, the White Dining Room, in early Classical style, and Peter the Great's private study.

Please note: This tour requires moderate walking and stair climbing. Some of the fountains and/or rooms may be closed periodically for repairs. Use of any photographic equipment is prohibited inside the palace.

Showcase St. Petersburg

Departs: 9:15 AM
Two-day package
Adult \$249.00; Child \$199.00

Day 1

Drive through the city center with an introduction to the history of St. Petersburg. At the Spit of Vasilevsky Island, you will take in the view of the **Neva River**, the **Rostral Columns**, and the Winter Palace and Hermitage Museum. Continue along Zayachy Island to see the Peter & Paul Fortress, founded in 1703 to defend the city. This is considered to be the birthplace of St. Petersburg. The cathedral here, designed by Trezzini, features a gilded spire stretching more than 380 feet into the sky—a distinctive, majestic landmark. This is the burial ground for many members of the Romanov Royal Family. After the panoramic city tour, your coach will stop at one of St. Petersburgs **Metro** (subway) stations. You will take a ride on the train to see some of the stations. Why a ride on the subway? Because you've never seen stations like this before—they were built in the Stalin era and were designed to be "palaces of the people." Their sumptuous, elegant décor is palatial indeed and is well worth a visit. The Metro ride is quite an experience and gives a glimpse of the daily life of the people of St. Petersburg. Because of the many waterways in the city, the stations are buried deep underground, and long escalators lead down to the platforms. After **lunch** your journey will continue to the town of **Pushkin** where you will visit **Catherine's Palace**. Catherine's favorite palace is without

a doubt one of the masterpieces of world art. Peter the Great presented this estate to his wife Catherine in 1710, and on it a small palace was built by the architect Braunstein. From this time until the time of the last Russian Czar, it was used as the summer residence of the Royal Family. In 1756 it was expanded in the Baroque style. During World War II, the Palace suffered severe damage, but has since been restored and now stands in its original glory. The palace contains a series of magnificent rooms, including the famous Picture Gallery and, of course, the Great Hall and the famous **Amber Room**. Return to the ship at the end of your day, with much more to see and experience tomorrow.

Day 2

The tour operator has arranged an early opening of the **Hermitage Museum** just for you, so you'll make an early start to avoid lines and crowds. The Hermitage was created in 1764 by the Czarina Catherine the Great and this spectacular landmark ranks among the world's finest museums. Her original purchase of 225 canvasses by Dutch and Flemish masters provided the nucleus of today's collection, which consists of almost three million exhibits and represents many cultures. The museum boasts 353 rooms, filled with masterpieces by Raphael, Titan, Giorgione, Michelangelo, Leonardo Da Vinci and others. Located within the Winter Palace on the banks of the Neva River, the Hermitage Museum is a work of art in itself. As you marvel at the wonderful paintings and tapestries that adorn the museum walls, pay special attention to the spectacular staircases, marble structures, malachite columns and highly decorated floors and ceilings, in this former residence of the mighty Russian

Czars. After **lunch**, your coach will take you to **Peterhof**—the collection of palaces, fountains and parks built by Peter the Great to rival Versailles. It lies on the southern shore of the Gulf of Finland, and the layout of the 300-acre park and its spectacular fountains were designed by Peter himself. The Grand Cascade consists of three waterfalls, an avenue of 64 fountains and 37 gilded statues. During World War II, the estate was occupied and all the buildings and fountains were completely demolished. For many years, Peterhof was under extensive restoration. Now all guests of the city can enjoy the spectacular view of the fountains. A special hydrofoil transfer will return you from Peterhof to the city center; then you'll return to the ship.

Please note: The Russian government charges a nominal fee to use your camera and video inside various palaces and museums of St. Petersburg. Fees are payable to your guide and correct change is required. Current information will be provided on board as prices are subject to change. The Hermitage requires extensive walking and stair climbing, and there may be lines and delays between galleries. The Hermitage is equipped with elevators. Guests in wheelchairs will require assistance for pushing their wheelchair in order to stay with the group. Guests in wheelchairs must advise the Shore Excursion Desk ahead of time in order to pre-arrange the use of the elevators, which are not accessible to all visitors. Peterhof is not wheelchair accessible and not recommended for persons with walking or climbing difficulties. There are stairs, no elevators, gravel paths and long walking distances. This tour requires extensive walking and stair climbing. Some of the fountains may be

St. Petersburg Waterways & Church on the Spilled Blood

Departs: 12:45 PM
Approximately 4 Hours
Adult \$119.00; Child \$59.00

View St. Petersburg from a **boat** that travels the **waterways** surrounding its numerous squares, monuments and palaces. Your coach will bring you to the pier in the city center, where you will start your fascinating journey through the **rivers** and **canals** of the Venice of the North. The exact route of your trip will depend on the boat size and traffic conditions of the waterways. You will disembark near the **Church on the Spilled Blood**, where your tour will continue inside this remarkable building. This church was built in 1907 on the spot where the Russian Czar Alexander II was assassinated in 1881. In a strikingly original way, the architect Parland incorporated all the features of old Russian churches, embellishing it in exuberant style with ornate decorations loosely modeled on St. Basil's Cathedral in Moscow. The result was startling and beautiful. The area covered by mosaics is about 23,000 square feet, believed to be the largest indoor mosaic in the world. The best painters, masters of mosaic stone carving, ceramic and enamel of the 19th and 20th centuries took part in the decoration of the church. An outstanding

feature of the interior décor is a variety of Italian colored marbles and Russian semi-precious stones. When it was built, the church belonged to the Ministry of the Court and was open only a few times a year to a narrow circle of high society. Even so, the mosaic floor was covered with thick carpets. After the revolution of 1917, the church was granted to believers and a parish church opened there. Then the parish was closed and this magnificent house of worship served as storage for theatrical sets and scenery props. Restoration of the church began in earnest in 1974. It was a painstaking job—some windows were missing, the floor was covered with water, a shell damaged the roof of the cathedral during the war, and six square yards of mosaic decoration were destroyed. The restorers employed only the same type of materials and technology used when the cathedral was built, including 30 kinds of rare marble and about 100 types of precious stones. In 1997, the Church on the Spilled Blood was opened to the public in all its original extraordinary glory.

Please note: Boats are not wheelchair accessible.

Murder on the Moika River

Departs: 1:15 PM
Approximately 4 Hours
Adult \$109.00; Child \$69.00

Take a look at St. Petersburg's marvelously dramatic history from a completely different angle—from a **boat** on the **waterways** surrounding its numerous squares, monuments and palaces. The exact route of your trip will depend on the boat size and traffic conditions of the waterways. After an hour spent on the water you will disembark your boat near **Yusupov Palace**, where you will discover an intriguing story of the palace,

its owners and the dramatic events that ended the life of the infamous Grigori Rasputin. Yusupov Palace is located on the banks of the Moika River—one of the 57 palaces that were owned by Felix Yusupov, who was almost as wealthy as the Czar himself. A beautiful white marble staircase leads to the private theater of Zenaida Yusupov, which has been carefully preserved in Rococo style. Among the palace's treasures are works of art by Rembrandt and Rubens, French tapestries and porcelain, and Venetian mirrors and woodcarvings. It was here in 1916 that the notorious Grigori Rasputin was assassinated. He was lured to Yusupov's home and fed poison-laced food, which failed to kill him. He was then shot several times, which he also survived, and was thrown into the Moika River, where he finally drowned. Your tour will take you through the rooms of the palace, and after climbing down the narrow winding staircase you will see the very place where Felix Yusupov, with his accomplices, tried to assassinate Rasputin.

Please note: Tour involves 70 steps at the Yusupov Palace and wheelchairs are not permitted. The Russian government charges a nominal fee to use your camera and video inside various palaces and museums of St. Petersburg. Fees are payable in US dollars to your guide and correct change is required. Current information will be provided on board as prices are subject to change.

Adult \$99.00; Child \$79.00

Explore Helsinki by Jopo—a Finnish-designed bike. Your biking guide will meet you directly at the ship and introduce you to your **Jopo bike**. Created in the 1960s and designed as a simple, practical transportation that could be adjusted to fit a wide range of people, this bike has become an important part of Finnish culture. Known as "everyone's bicycle," Jopos once were found in almost every Finnish family home and are now making a popular comeback. After making adjustments to the bike and listening to safety explanations, you will be ready to head off into the Finnish capital. Being relatively flat, **Helsinki** is a wonderful city to **explore by bike**. You will pass along dedicated cycling paths, past city parks, waterfronts, residential and commercial areas, experiencing views of the city that many visitors don't get to experience firsthand. Glide past a marina and a residential area before pedaling along the scenic traffic-free waterfront area that leads to Helsinki's main city beach, Hietaranta. Continue to **Sibelius Park** and visit the monument dedicated to Finland's world-famous composer, Jean Sibelius. Back on the bikes, your guide will lead you through a residential district to **Töölö Bay**. See the new Opera House and the decorative wooden villas dating from the 19th century. You will also see in the distance Finlandia Hall, the National Museum and the Parliament building as you continue to the **eastern side** of the city passing more waterfront parks and mixed residential areas. At the Eastern Harbor snap a photo of Katajanokka Island,

summer home to the Finnish icebreaker fleet and location of the Orthodox Uspenski Cathedral with its 13 golden onion domes. Dismount at Market Square and enjoy the colorful sights and sounds of the **market**. Note the varying architectural skyline of the city with the Lutheran Cathedral, City Hall, the Presidential Palace and the bustling harbor and the market in the foreground. Exclusive waterfront properties, including many embassies and the popular Kaivopuisto Park are next on the agenda, as well as views across to the impressive Suomenlinna Island Fortress. You'll also see the venue for the traditional springtime custom of carpet washing, en route back to the ship.

Please note: Participants must be competent cyclists and feel confident on a bicycle. Recommended for guests who are physically fit. Distance covered is approximately 10 miles over mostly flat and gravel cycle paths. Some mild undulations and one gentle hill will be encountered. A helmet will be provided and must be worn. Jopos are unisex bikes without gears and feature pedal brakes. Minimum height is 5 feet (152cm). A bottle of water and holder will be included. Approximately 2½ - 3 Hours
Adult \$59.00; Child \$29.00

Nynäshamn is a countryside idyll in the southern archipelago of Stockholm—a place where people have lived since the Stone Age more than 6000 years ago. A large number of prehistoric remains have been found in the area. The area also displays more rune-stones than any other community in Sweden. Leaving the pier, with your Swedish guide in Viking regalia, you will drive along the coastal **Strandvägen** road—a narrow road that winds along the shores of the Baltic with a magnificent view of the archipelago and the wide open waters of the Baltic Sea. Pre World War I, Nynäshamn attracted wealthy people from all over Europe. It was a famous wellness center and also boasted a casino. Today many of its buildings are beautifully restored. Continue through the small **town center** before driving out into the country and along the old Viking road—the **Road of the Rune Stones**. This is one of the few remaining roads in Sweden that still winds in the same way it did during the era of the Vikings, about 1000 years ago. Your guide will tell you about the Vikings and the adventures of Viking Toste who, in 1036, made the decision to join a Viking expedition to the Caspian Sea (from which he never returned). Several old rune stones can be seen along the way and you'll stop at the **Stone of Toste**, situated in the forest just a brief walk from the coach. In the 11th century, the pagans slowly had to make room for

Christianity and the first Christian churches were built. In the small village of **Ösmo**, you will visit one of the most interesting medieval churches in the area. The **Ösmo church** dates back to the 12th century and also contains **murals** by the famous church painter Albertus Pictor. Continue your drive through the beautiful rural areas passing typical red-painted houses and farms. Before returning to the pier you will also visit the small **marina** at Nynashamn.

Transfer to **Stockholm** to visit its oldest quarters, the **Old Town** of Gamla Stan. Witness the historic elegance of the exterior of the dominating Royal Palace, and **stroll** along the narrow, twisting alleys and cobblestone streets. You'll experience the medieval intimacy of what is today a living historical monument of international renown. You'll also see **Stortorget** (the Great Square)—hub of the Old Town, dominated by the Old Stock Exchange, which today houses the Nobel Museum and the Swedish Academy, which meets each year to decide the laureate of the Nobel Prize of Literature. Afterwards head to Djurgården to visit the **Vasa Museum**, where you will see the **Swedish warship Vasa**, once considered the pride of the Swedish Navy. The present museum is built around the restored 17th-century warship that sank in Stockholm's inner harbor on her maiden voyage in 1628. Its salvage in 1961, with more than 12,000 objects on board, is one of the most important events ever in marine archaeology. Re-join your coach and continue through the **Diplomat Quarter** and on to the northern part of Djurgården to the view **Kaknästornet**, the tallest building in Stockholm at 508 feet tall. The tower is located in a large field, surrounded by a wonderful natural Eco Park. Take the **elevator** up to the **observation level** to view the whole city with surroundings, the

inner parts of the archipelago and much more. A typical Swedish **lunch** while you are enjoying the view. The souvenir store on the ground floor of the tower has a good selection of souvenirs for those interested in **shopping** before returning to the coach. Travel via Östermalm, a fashionable neighborhood of stately apartment buildings, through the modern retail and business areas at Hamngatan and Sergels Torg before starting your drive back to the ship at Nynashamn.

Please note: The drive to Stockholm is one hour each way. The return ride to the ship is unescorted.

Dover (London), England - Friday, June 3, 2011: From the White Cliffs to the pounding seas at Land's End, the South of England is a place of legend and literature, with a coastline as dramatic as its 4,000-year history.

Canterbury

Departs: 8:30 AM
Approximately 4 Hours
Adult \$89.00; Child \$39.00

The south of England has a coastline almost as dramatic as its 4,000-year history. The road leads into green rolling countryside to medieval Canterbury and its magnificent cathedral, built in two stages from 1070-1184 and 1391-1505. Learn of the cathedral's epic history; then enjoy an independent walk through its impressive architecture.

Archbishop Thomas Becket was murdered in the cathedral in 1170—a story immortalized in Chaucer's *Canterbury Tales*. There will be an opportunity to browse in the nearby shops before returning to the ship at Dover and a photo stop near Dover Castle either on the outward or return journey.

Please note: This tour option is only available for guests returning to the ship and not available on Sundays.

Leeds Castle

Departs: 9:15 AM
Approximately 4¼ Hours
Adult \$99.00; Child \$49.00

This is a landscape of timbered and tile-hung villages and comfortable welcoming towns. Today, though there are still some remains of the ancient native forest which once covered much of southern England, most of this gently rolling region is rich farmland. The natural beauty of the countryside was duly

recognized and enhanced by the English landowners, and many of the beautiful, old landscaped parks and gardens they laid out still remain. Your tour starts with a direct route to Leeds Castle—one of the most romantic and most ancient castles in the kingdom. In the 9th century, this was the site of a manor of the Saxon royal family. Listed in the Domesday Book, this castle has been a Norman stronghold, a royal residence to six of England's medieval queens, a playground and palace to Henry VIII, and a private home. Today, lovingly restored, it is home to a magnificent collection of medieval furnishings, paintings, tapestries and treasures. This is where visitors of the present meet with the ghosts of lives past. You sense a magnificent epic as you walk the grounds where everything exudes history. The crowning glory of this "most English of castles" is its setting. Situated on two small islands in the midst of an encircling lake, it is surrounded by a green arc of parkland, thick with trees and hills that tumble gently down to the water's edge. You'll see the many glorious views. Monarchs and seasons may change, but Leeds Castle's enchanting and very English beauty is everlasting. You'll take a delightful walk along a flat path, which follows a meandering stream through a belt of stately trees. A series of small lakes are the natural habitat for a fine collection of unusual and exotic waterfowl. For physically challenged guests, there is a small land-train available for the journey through the parkland to the castle's entrance. Here you will pass through the 13th-century Gate Tower, which stolidly guards the only access. As you pass from room to room, well-

informed castle guides are stationed to answer your questions. There will be many fine photo opportunities during your visit, although photography is not allowed in the castle chapel.

London Panorama

Departs: 8:15 AM
Approximately 8 Hours
Adult \$99.00; Child \$49.00

From the hustle and bustle of Leicester Square at the heart of London's theatre district to the quiet parks and the grandeur of Buckingham Palace, London's fascination lies in its diversity. Old and new stand side by side; history, pageantry and tradition mix with the modern, eccentric and avant-garde. There's something for everyone here. This full-day tour offers an overall impression of one of the most lively and interesting cities in the world. In the West End, you will find three famous shopping streets—Oxford Street, Regent Street and Piccadilly. View Trafalgar Square and the imposing Nelson's Column. The square is flanked by the National Art Gallery. From there, you will pass through Admiralty Arch and into The Mall. At the far end stands Buckingham Palace, the Queen's London residence. On one side of The Mall is delightful St. James's Park—a quiet and relaxed oasis with flowerbeds and duck ponds. You will see Whitehall with its poignant War Memorial—the Cenotaph—as well as Horseguards Parade and Downing Street, official residence of the Prime Minister. At Westminster, your guide will point out

Parliament Square and the Houses of Parliament, the focal point of English history. Nearby is the 13th- to 16th-century architectural masterpiece of Westminster Abbey, the setting for every Coronation since 1066. View the main external features of the building and take photographs. Next you will travel into The City—the captivating square mile that constitutes the Old Town around which modern London has grown. The medieval and Georgian atmosphere still survives, and in this area you will see and photograph the Tower of London and St. Paul's Cathedral.

Please note: There will be photo stops at the main points of interest as your panoramic tour travels through the capital, subject to traffic conditions. Lunch can be purchased during the tour and is at your own expense. The guide does not travel back to Dover with the motor coach. This tour returns to the ship.

Dragoer Fishing Village

Departs: 2:00 PM
Approximately 3 Hours
Adult \$89.00; Child \$39.00

This scenic tour will take you to Dragoer, one of Denmark's oldest and quaintest fishing villages. Your guide will take you on a leisurely stroll through the cobblestoned back streets of this historic village to the bustling harbor. The well-preserved state of the town is due to the fact that conservation work was started very early, in 1934. In 1968, it was decided to prohibit parking in the entire old district, and in 1978, Dragoer became Denmark's first "pedestrian town." After your guided tour, free time will be given to explore the village on your own, or perhaps to visit

some of the small handicraft shops that line the main street. One of the highlights of the tour is the fantastic view of the Oresund Bridge connecting Denmark and Sweden as of July 1, 2000. Coffee or tea and a Danish pastry will be served at the harbor front hotel before you return to Copenhagen and the ship.

Please note:

Open Air History of Denmark

Departs: 1:30 PM
Approximately 3 Hours
Adult \$54.00; Child \$29.00

Enjoy a great opportunity to learn about the everyday life of Danes in the 18th and 19th century in one of the largest and oldest open-air museums in the world. A great outdoors experience for kids and adults alike awaits, just a half hour from Copenhagen. The **Open-Air Museum** was founded in 1897 and is today spread across 86 acres of land and features more than 50 farms, mills and houses from the period 1650-1950. Virtually every region in Denmark and the Faroe Islands as well as the former Danish provinces of southern Sweden and northern Germany, is represented so at the Open-Air Museum. You can travel the length and breadth of historic Denmark in a single afternoon. The buildings are furnished and fitted with household effects to illustrate everyday life and daily chores in the old farmsteads and rural cottages, especially in the 18th and 19th centuries. The houses have been laid out according to region, and the gardens and landscapes bear testimony of distinctive features in the different parts of Denmark. Museum staff and volunteers populate the

houses and museum grounds, dress in period costumes and engage in typical household and agricultural chores for visitors to watch or take part in. You may freely walk in and out of the houses, watch demonstrations of typical chores and activities, speak with the staff and take part in some of the activities if you like. Throughout the summer, theater, music and dance performances, craftsmanship workshops and various activities ensure that there is always something interesting going on. Many household animals roam the grounds freely, much as they did in the past, and are tame enough to pet. If the kids tire of walking, there are small pull carts available or you can hop aboard a horse-drawn carriage (at your own expense). The museum also features a café and a gift shop with interesting period memorabilia. After your visit here, return to the cruise ship by coach.

Please note: Wear sturdy footwear and clothing appropriate to the weather conditions. Interacting with any animals is at your own risk.

From Nyhavn, you'll head to **Tivoli Gardens**—at the top of everyone's list of places to visit in Copenhagen. Founded in 1843, Tivoli is a beautiful, romantic park with lanterns in the trees that create a magical atmosphere. Copenhagen, Denmark - Sunday, June 5, 2011

Hans Christian Andersen took the idea for his fairy tale about the Nightingale from Tivoli, and Walt Disney drew inspiration for Disneyland from the garden during several visits in the 1950s. Tivoli, with its world-famous location in the center of Copenhagen, has something for everyone. Before exploring the park, enjoy a **drink** in one of Tivoli's traditional reception rooms. The interior is beautiful and very Scandinavian. Stroll around Tivoli Gardens to see the beautiful flowers and the amusements. Departs: 8:45 AM
Approximately 4½ Hours
Adult \$124.00; Child \$64.00

Scotland's **Loch Ness** is world famous, thanks to Nessie—the Loch Ness monster. No matter how logical one is regarding likelihood of the existence of such a creature, it is impossible to drive alongside Loch Ness without scouring the dark waters hopefully. The road will take you by way of a scenic drive through the **Highlands**, allowing you to enjoy stunning views of the mountains and meadows. Your first stop will be at **Urquhart Castle**, built both as a fortress and as a residence. Romantics say that Nessie (or "the Wee Beastie," as she is locally known) lives in a cave beneath the castle. Keep this in mind as you walk the pathway down to the lower level of the castle. At the **Urquhart Castle Visitor Center**, take in the exhibits telling the story of Urquhart and Nessie. The road will take you right along the banks of the Loch and there will be opportunities to stop and take photographs of the mysterious lake before reaching the Highland capital—**Inverness**. Here you'll enjoy a short tour of this city and its delightful riverside setting before some free time for **shopping** or exploring further on your own.

Please note: The pathway from the motor coach down to the lower level of the castle is fairly steep, but you can remain on the upper level and enjoy panoramic views and good

Loch Ness, Water Monsters & Highland Castles

Departs: 8:30 AM
Approximately 8 Hours
Adult \$184.00; Child \$89.00

This tour will appeal to those who wish to see Scotland's famous Loch Ness—world-renowned for its mythical(?) monster, as well as the Highland capital city at the head of the loch, and two of the country's most romantic medieval castles—one in ruins, the other an opulent but homey residence. Traveling southwest from Invergordon, your coach follows the banks of the beautiful **Cromarty Firth**, then drives through Muir of Ord and past Beaulieu with its atmospheric ruined abbey. Descending a steep hill, you will see the splendid **Loch Ness**, Britain's deepest freshwater lake whose murky depths inspire lurid tales of weird creatures and water horses, including the Loch Ness Monster—"the Wee Beastie" if you're a local. Stop at the 14th-century **Urquhart Castle**, situated right by the loch's edge. This is one of the most photographed areas in Scotland and boasts a state-of-the-art visitor center. From here, you head to **Inverness**, capital of the Highlands. A city tour takes you past some of the historic sights such as the Gothic-style Town House and Tolbooth Steeple, as well as the pretty, tree-lined River Ness. After lunch at a quality local hotel, continue inland but never venturing far from the Moray Firth, famous for its dolphins. You will reach **Culloden Battlefield**, an eerie, windswept moorland and site of the last battle on British soil, when the Jacobites were finally subdued, marking a turning point in Scottish history.

Finally, continue to the pretty conservation village of Cawdor and the impressive **Cawdor Castle**, a truly beautiful residence, romantically furnished and surrounded by exceptionally pretty gardens. From here you'll return to Invergordon and the ship.

Please note: Tour not available on all sailings.

Scenic Highland Drive & Dornoch

Departs: 9:45 AM
 Approximately 4 Hours
 Adult \$59.00; Child \$24.00

A relaxed and scenic drive shows you the contrast between gentle wild moors and rugged mountains. At the **Shin Falls Visitor Center**, there is a short walk down a dirt path interspersed with shallow steps and through the trees to reach the stretch of the River Shin known as the Shin Falls. This is not a raging waterfall, but a cascade of water, over a series of rocks. The Shin is only five miles long, but its drop of 270 feet from Loch Shin to the Kyle of Sutherland presents a challenge to the salmon that return to spawn upriver. Returning to the visitor center, you will have time for **shopping** in the gift store, and there is also a small café for guests wishing to purchase refreshments. Continue along the north side of the Dornoch Firth before the road turns off to climb up over the moors. The circular route then takes you via the Highland village of Spinningdale towards the coast for a visit to the small town of **Dornoch**, where mellow stone houses stand in broad, tree-lined streets. Full of character, Dornoch retains an old world dignity despite its popularity as a holiday resort. Visit the craft center and town jail, or the cathedral, which dates from 1224. You then descend towards the **Cromarty Firth** and return to Invergordon.

The Wild West Highlands & Romantic Eilean Donan Castle

Departs: 8:45 AM
 Approximately 7¼ Hours
 Adult \$169.00; Child \$84.00

It's a 1¼-hour drive southwest from Invergordon as your coach follows the banks of the beautiful **Cromarty Firth** and continues past Muir of Ord and Beaully, with its atmospheric ruined abbey. You'll descend to the phenomenal **Loch Ness**, Britain's deepest freshwater loch, home of the Loch Ness Monster. Enduring legend, clever hoax, or the real thing? You decide. Watch for the ruins of 14th-century Urquhart Castle, magnificently situated right on the edge of the loch and you'll stop briefly for photos on the banks of the Loch Ness. Turn south to skirt the banks of Loch Ness; then west at the quaint hamlet of Invermoriston. Traveling through some of the most rugged and wild landscapes in Scotland, you'll pass Loch Clunie famous (or infamous) for the Clunie Curtain—a bank of rainfall—and Glen Sheil with its dramatic south ridge that includes no fewer than seven Munros (mountains over 3,000 feet tall). This is the site of a famous Jacobite battlefield. Magical, iconic and unforgettable Eilean Donan Castle is next. This astonishingly graceful castle presides over the once strategically important confluence of Lochs Alsh, Long and Duich. Its forbidding tower rises from the water's edge and is joined to the shore by a narrow stone bridge, with the sheer mountains as a backdrop. Although it is the subject of endless calendars and postcards and has starred in movies such as *Highlander* and *James Bond*, Eilean Donan's real-life setting is never cliché. Spend 1½ hours exploring as

your guide tells you of the castle's vivid history that dates back to the 13th century. Vikings, Jacobites, Bonnie Prince Charlie, and mysteriously prophetic dreams—the castle's walls, some more than 12 feet thick, have seen it all. From Eilean Donan the drive back to the ship is a three-hour scenic adventure through the wilderness of the Highlands, some of Scotland's most awe-inspiring country, harsh and unforgiving landscapes, seascapes and towering mountains. You'll pass Loch Carron, Glen Carron, and forbidding Achnasheen whose name comes from the Gaelic for "field of the storms." A series of four tranquil Lochs—Loch Achanalt, Loch A Chuilinn, Loch Luichart, and Loch Garve, and the impressive Victorian spa town of Strathpeffer, lead you back to Invergordon.

Please note: Photo stops time and traffic conditions permitting.

Unspoiled Portmahomack & Tarbat Discovery Center

Departs: 9:30 AM
 Approximately 2¾ Hours
 Adult \$59.00; Child \$24.00

Archaeology has revealed the first Pictish monastery from the early days of Scotland's conversion to Christianity between the 6th-9th centuries AD. Today you will discover this major new attraction in the unspoiled village of **Portmahomack** on the scenic **Dornoch Firth**. Discover the workings of the archaeologists and the unfolding story of the powerful Pict peoples. See the wonderful, carved sculptures produced by the Picts, never before displayed to the public. The **Tarbat Discovery Centre** is housed in a

beautifully restored 18th-century Grade A-listed church of great historic interest, with many of its original features still intact. You will have a chance to visit the Treasury and the crypt, an ancient, barrel-vaulted, sacred space with appropriate solemnity. In medieval times it was the site of an infamous local atrocity, which your guide will explain. After this interesting visit, enjoy a scenic drive back to Invergordon.

Newcastle Highlights, Bridges & Contemporary Art

Departs: 10:00 AM
Approximately 4 Hours
Adult \$59.00; Child \$29.00

The city of **Newcastle** takes its name from the New Castle built by Robert Curthose, eldest son of William the Conqueror. Surrounded by medieval town walls, Newcastle was a great provincial center that grew rich on trade in wool, cloth, fish and hide, and prospered even more after the discovery of the rich coal seams here in the 1600s. Throughout the city you will see signs of the history and innovation for which Newcastle is still known today. Your panoramic tour of the city center will pass some of the elegant buildings built during the city's Victorian heyday, including the monument to the Liberal Prime Minister, Earl Grey, who was responsible for the Great Reform Bill and also gave his name to the famous tea. You'll pass the delightful Theatre Royal as well as remnants of the city walls and castle. From the quayside, take in views of the city's historic bridges, including the magnificent **Tyne Bridge** opened by King George V in 1928. This bridge was the

At the village of Alston, the highest market town in England, the steep cobblestone streets provide excellent views of the surrounding countryside. From here you'll begin your journey north, out of Pennines country, and wind your way through the breathtaking scenery of ancient buildings, tiny villages and thriving market towns. From Haydon Bridge, turn east to begin the drive back to Newcastle, making a short detour through the ancient Roman town of **Corbridge** before heading back to your ship.

The Best of York

Departs: 8:30 AM
Approximately 8 Hours
Adult \$109.00; Child \$54.00

Historic **York** is among the most beautiful and enchanting cities in England. To get there, you will follow an ancient Roman route—now known as the A1 motorway! It runs between the North Yorkshire Moors and the Yorkshire Dales, not surprisingly leading to the city of York itself. King George VI once said, "The history of York is the history of England," and time spent exploring its ancient "snickleways" (alleys) and awe-inspiring cathedral will confirm this. Travel to the center of the city and begin a guided tour of the imposing **York Cathedral** whose Gothic architecture of that has earned it a worldwide reputation as masterpiece of construction. The cathedral stands on an amazing site that has witnessed so many historic events, including the crowning of Constantine, the Roman Emperor who

established Christianity as the faith of the Roman Empire in the 4th century. Today's church was built over the course of two and a half centuries, from the 1220s to the 1470s. You will see the vast nave where so many choirs have sung praises to God. Enjoy the stunning stained glass and the intricate beauty of the **Chapter House**, one of the most ornately crafted rooms in Europe. Meanwhile, the sinuous vibrancy of the surrounding quarter, known affectionately as the "**Shambles**," is a great place to lose yourself in medieval history and do some **shopping** at the same time—multi-tasking for the truly ingenious! You will have several hours to explore York's Old Town. Enjoy lunch in one of the many local cafés and restaurants (at your own expense). Don't miss the opportunity to scale York's historic wall and walk along the ancient ramparts of the town. Meet up with your guide and re-board the coach to return to Newcastle and the ship.

Please note: No cathedral visits are allowed on Sunday morning. Lunch is not included but you can purchase your own meal at a restaurant or café in York's Old Town. Travel time to York is approximately two hours each way. A ship's escort will accompany you on the motor coach and a local guide will board the coach in York. Children under 8 years are not permitted up the Tower.

The Fabulous Alnwick Garden

Departs: 8:45 AM
Approximately 4½ Hours
Adult \$84.00; Child \$44.00

An area with a turbulent history of Viking raids and the lawless Border Reivers, Northumberland boasts an exciting story and a landscape peppered with castles, coast and cobblestone villages. Depart the port of Tyne, heading north to the pretty town of **Alnwick**, whose cobblestone market place and main street complement a warren of narrow alleyways and streets dating back to medieval times. The town is dominated by Alnwick Castle, residence of the Duke of Northumberland whose family has lived here since the early 1300s. Next you will discover the serene beauty the stunning of **Alnwick Gardens**, complete with dancing fountains and enchanting mazes and displays. Today's gardens are located on the site of gardens originally built in the 1750s by Capability Brown for the Duke of Northumberland. The gardens had fallen into significant disrepair in the early 20th century, but the present Duchess had the vision to create a beautiful public space accessible to everyone—a garden for contemplation, fun, inspiration and education. Your guided tour will take in most of the major areas—the Rose Garden, the Ornamental Garden, the Bamboo Labyrinth, the Poison Garden and the Serpent Garden. You will also see the magnificent Grand Cascade, the largest water feature in the UK, and the fabulous Tree House—one of the largest in the world. You'll have some free time to explore the garden some more before returning to the ship.

Departs: 8:00 AM
Approximately 8 Hours
Adult \$159.00; Child \$79.00

This tour to the historic Northumbrian estate villages of Ford and Etal is an opportunity to experience the essence of English country life. Low, whitewashed cottages and unspoiled countryside are among the many beautiful sights in store for you today. You'll travel north from Newcastle through the heart of **Northumbria** to the village of **Ford**. Step inside Lady Waterford Hall, a former school hall and a lovely building in its own right, for an exclusive visit. Painted between 1862 and 1883, the walls of the Hall offer a radiant testimony to the mural-painting skills of one of the most famous English female artists of the Victorian era—Louisa Anne, Marchioness of Waterford. Her work was a precursor of the Arts & Crafts Movement, and features Biblical scenes and imagery skillfully interwoven with the quaint wooden paneling of this former school hall. The gifted local curator and artist-in-residence will take you on a guided tour—you will have time to absorb, wonder and enjoy. You'll eat lunch in the nearby village of **Etal**, in the homey atmosphere of Northumberland's only thatched-roof pub—the Black Bull. There will be some free time after lunch in Etal. Next, transfer to the village of **Heatherslaw** and visit a working grain mill on the banks of the River Till. At the **Heatherslaw Corn-Mill**, lovingly restored machinery installed in the 19th century still produces high quality stone-ground wholegrain flour from locally grown wheat. This is a stroll down memory lane as

you re-discover food grown and minimally processed in a clean, green manner all within the confines of a small village area. Tour the mill with the local miller, and sample its very best produce in the form of freshly prepared scones served with delicious jam and fresh cream.

Please note: Driving time is two hours each way.

S Queensferry (Edinburgh), UK - Monday, June 13, 2011: Your jumping-off point for the highlights of Edinburgh, including historic Edinburgh Castle, housing the Scottish crown jewels and the palace that was once home to Mary Queen of Scots.

A Stroll Down the Royal Mile

Departs: 9:15 AM
Approximately 4¼ Hours
Adult \$89.00; Child \$44.00

The best way to appreciate the historical past of **Edinburgh** is to explore the **Royal Mile** on foot. This famous thoroughfare was the heart of the Old Town of Edinburgh during medieval times, and stretches from the high hillside setting of Edinburgh Castle for approximately a mile downhill to the Palace of Holyrood House. It is really a continuation of four streets joined together—Castle Hill, Lawnmarket, High Street and Canongate. Edinburgh Castle, an imposing castle-fortress, stands high at one end of the Royal Mile. You'll pass **Gladstone's Land**, where some of the features of this interesting, tall, early 17th-century building can be admired, including an outside staircase, arcaded ground floor, oak shutters, leaded glass, and crow-stepped gables. **Lady Stair's House**, a literary museum dedicated to the works of Burns, Scott and Stevenson, can be seen from a secluded close that enters into a spacious courtyard. **St. Giles Cathedral** with its crown spire is a much-recognized landmark standing adjacent to **Parliament Square**, where the buildings now house the **Law Courts of Scotland**. Famous church reformer John Knox once lived here and his 16th-century house has been rebuilt extensively through the years. It has a red-tiled gable roof, projecting timber gallery and outside stairs. Your guide will point out the Church of

Canongate, where many historical figures are buried in the churchyard, including the murdered Italian secretary of Mary, Queen of Scots. You will visit **Holyrood House**—the British Monarch's official residence in Scotland and a magnificent palace closely associated with Bonnie Prince Charlie and Mary, Queen of Scots, who resided here for six long and lonely years. Your guided visit will include the state apartments, which are filled with tapestries, paintings, and impressive furniture. Of special note is the picture gallery with more than 80 portraits of Scottish Monarchs.

Please note: Tour not available on all sailings

Bannockburn & Stirling: The Story of Robert the Bruce

Departs: 2:15 PM
Approximately 4½ Hours
Adult \$99.00; Child \$49.00

From the ship at Rosyth or South Queensferry, you will travel along the geological boundary that separates the Highlands from the Lowlands, to Bannockburn on the outskirts of Stirling. Here, you will make your first stop at the **Bannockburn Heritage Centre** to learn about the Battle of Bannockburn. In 1314, eight years after William Wallace's execution, Robert the Bruce and the Scots crushed the English forces. At the Centre, a costumed guide will greet you and will tell you about life in 14th-century Scotland. You will also see an audio-visual presentation on the Battle

of Bannockburn, and you may also wish to stroll outside to view the equestrian statue of Robert the Bruce. Continue the short distance to **Stirling Castle**, perched atop a 250-foot crag on the banks of the Forth River. The present castle dates from the 15th and 16th centuries, when it was the principal residence for Scotland's monarchs. James III was born here in 1451; James V spent his childhood at Stirling; and Mary, Queen of Scots, was crowned at the castle in 1543. You may choose to take a tour around the castle with your guide or, alternatively, you may wish to explore on your own, taking in the central turreted gatehouse, the **Great Parliament Hall**, and the **Royal Chapel**—one of the earliest Renaissance buildings in Scotland. Return to the pier through some stunning Scottish countryside.

Please note: At Stirling Castle you can choose between a self-guided tour and a guided tour of the castle. There are tearooms at Stirling Castle if you wish to purchase a refreshment. Wear comfortable walking shoes.

Edinburgh Highlights & Castle

Departs: 8:45 AM
Approximately 4 Hours
Adult \$84.00; Child \$39.00

History and beauty unite in the proud city of **Edinburgh**. Travel along the main road to arrive at Princes Street, with its array of fine stores on one side, and the beautifully laid out formal gardens on the other. Visit **Edinburgh Castle**, home of Scottish kings and queens for

centuries, perched on its rocky site 445 feet above the city. Inside, don't miss the 15th-century **Old Royal Palace**, which houses the Scottish Crown Jewels. See the apartment in which Mary, Queen of Scots gave birth to the future King James VI of Scotland who also became James I of England. This castle has witnessed many tense moments in its thousand-year history. Driving through the Old Town, you will see the historical area known as the "**Royal Mile**," Castlehill, Lawnmarket, High Street and Canongate with delightful multi-storied houses and quaint side streets. Pass Holyrood House, the official Scottish residence of the Queen, before returning to the pier.

Please note: There are three floors and 30 steps within the Royal Palace where the Crown Jewels are displayed. The cobblestone entrance paths are very steep and difficult to access by wheelchair. A vehicle is available to transport guests to the top but it does not accommodate wheelchairs.

Edinburgh, Floors Castle & Dryburgh Abbey

Departs: 8:30 AM
Approximately 9¼ Hours
Adult \$169.00; Child \$84.00

Every inch of the area of Scotland known as the **Borders** has been fought over, bitterly and often, from pre-historic times until the middle of the 17th century. Even today, many ruins bear witness to those violent times. Buildings and whole towns were sacked and

hastily rebuilt, and most settlements were fortified after the lesson that was learned. You'll pass through the suburbs of South Queensferry and head towards Border country, a checkerboard of fertile farmland laced with wooded river valleys within a rim of undulating hills. It is an area crossed by fast flowing rivers now internationally famous for their salmon and trout. Enjoy this peaceful region as you travel to Kelso, a compact market town, where two famous Border rivers, the Teviot and the Tweed, meet under the city walls. You will visit **Floors Castle**, the home of the Duke of Roxburghe. Built by William Adam between 1721 and 1725, this immense castellated mansion, flanked by vast pavilions, with minarets and cupolas, has an almost Eastern look. A tree in the grounds marks the spot where James II was killed by an exploding cannon in 1460. The apartments display an outstanding collection of French 17th- to 18th-century furniture, many fine works of art and tapestries, Chinese and Dresden porcelain, and a Victorian collection of birds. The extensive parkland and gardens overlook the River Tweed. Floors Castle, the largest inhabited castle in Scotland, used to advertise itself as being the "ancestral home of Tarzan"—having been the location of the movie *Greystoke*. You'll continue to Dryburgh and visit the abbey there—one of the quartet of 12th-century Border abbeys founded by David I, all within a few miles of each other. Built in 1150, **Dryburgh Abbey** is today a beautiful ruin, but its cloister buildings are more complete than those of other Scottish monasteries. In common with the other abbeys, Dryburgh was ravaged by the English until 1545, when Hertford, acting for Henry VIII, left it a smoking ruin. It was robbed of its usefulness, but not of its

tranquil beauty, nor its atmosphere of sanctity. Look out for the **tomb of Sir Walter Scott**. The stately cedars that throw their shade across the grass were brought back from the Holy Land during one of the crusades. **Lunch** is served at a small country hotel and your excursion continues with a drive through more typical Border country and scenery to arrive in **Edinburgh**. Relax for a panoramic sightseeing tour of this fine Scottish city, driving along Princes Street with its elegant shops on one side and the neat gardens on the other side. See Edinburgh Castle perched on its lofty rock overlooking the Old Town—the most ancient part of Scotland's capital.

Please note: Tour not available on all sailings.

Falkirk Wheel & the Antonine Wall

Departs: 8:45 AM, 9:15 AM, 2:30 PM
Approximately 4½ Hours
Adult \$79.00; Child \$34.00

The **Falkirk Wheel** is completely unique—there is simply nothing comparable anywhere in the world. Aficionados of elegant design must see this modern engineering feat. Travel first by motor coach along the **Firth of Forth** and over the Kincardine Bridge before reaching the old droving town of Falkirk. Then you'll switch modes of transportation and take a **canal boat journey** from the basin outside the **Falkirk Wheel Visitor Centre**. The Wheel is a massive structure that is literally able to lift boats more than 100 feet into the air—a stunningly simple-yet-intriguing alternative to the ancient system of locks and gates. Your boat maneuvers into the bottom gondola of the Wheel, which then

makes a graceful sweep, lifting the boat up and depositing it on the **Union Canal** that is supported on columns 100 feet above. The ascent takes approximately 15 minutes, allowing plenty of time to enjoy the stunning views of the spectacular surrounding scenery. Once lifted, your boat sails smoothly from the Wheel straight onto the Union Canal and passes along the aqueduct, through the almost 600-foot **Roughcastle Tunnel** and under the historic Roman fortification of the **Antonine Wall**. The Antonine Wall was built around 143 BC and stretched from Bo'ness on the River Forth to Old Kilpatrick on the River Clyde. Your guide will point out the well-preserved remains of a Roman military camp. Disembark the boat and take a short walk to the remains of **Rough Castle**—a fort that is the best preserved of the 19 castles constructed along the length of the Antoine Wall. Turf ramparts 20 feet thick on a stone base defended this fort and double ditches ran around the other three sides. In places, the wall itself still stands five feet high, and the ditches and ramparts are particularly well preserved. Over the causeway, across the Antonine ditch, lies a series of pits called *lilia*. These originally had a pointed stake at the bottom of each to serve as a trap for anyone attacking the fort. Your guide brings the history of the Roman occupation of Scotland to life as you explore the ruins before returning to the ship.

Medieval Scotland & Trail of the Da Vinci Code

Departs: 9:00 AM
Approximately 4 Hours
Adult \$89.00; Child \$49.00

Visit **Linlithgow Palace**, a splendid, 15th-century ruin, romantically set on the edge of Linlithgow Loch, perhaps best known as the birthplace of Mary, Queen of Scots. A 45-minute guided tour will familiarize you with this royal fortress, and you will enjoy exploring the endless nooks and crannies, spiral staircases and elegant bare rooms, echoing with footsteps and memories of times past. At the end of the guided tour, enjoy some free time for a short stroll on the premises and for photos, before transferring by coach to Rosslyn Chapel. Originally named the Collegiate Chapel of St. Matthew, **Rosslyn Chapel** is a 15th-century church in the village of Roslin, Midlothian. Construction of the chapel began in 1440 and it was designed by William Sinclair of the St. Clair family—a Scottish noble family descended from Norman knights. According to legend, Sinclair was also linked to the Scottish Knights Templar. Your guide will take you on a journey through the history of this chapel, from the medieval period to the present day. Rosslyn Chapel plays a major role in the last part of Dan Brown's 2003 novel *The Da Vinci Code*. The chapel has enjoyed immense popularity since the release of the blockbuster movie based on the novel.

Please note: In August, a metered entrance system will be in place at the chapel. A specific entry time cannot be guaranteed and it is highly likely you will have to wait in line. Your patience and understanding is

appreciated.

You will also see Holyrood Palace, official home to the Queen when she visits, and the **Sir Walter Scott Memorial**. You will have the opportunity to stop and stretch your legs if you wish to get off the coach for a photo opportunity at the new **Scottish Parliament** building—an unusual, modern building with a strong influence from Gaudí. Rule Britannia

Departs: 9:30 AM
Approximately 8¼ Hours
Price \$189.00

Visit the royal yacht **Britannia**, once the maritime home to the Queen and the Royal Family, and host to glittering State and official occasions. Launched in 1953, **Britannia** sailed more than a million miles during the 43 years she spent as the sovereign ship of the Royal Navy. Within her magnificent State Apartments and elegant

living quarters, monarchs, world leaders and eminent guests were entertained, princes and princesses honeymooned, men were knighted and important national business was conducted. Your tour starts in the shoreside **Visitor Centre** where an engaging photo gallery documents the historical and personal moments of the yacht and her passengers. Then you'll climb the pierside stairway, which leads across to the decks of the **Britannia**. You will be given an audio set which allows you to make your way through the various sections of the yacht on a self-conducted tour. See the Queen's and the Duke of Edinburgh's cabins, the simple and comfortable large drawing room, impressive formal dining room, the bridge, the admiral's suite, the officer's wardroom, the engine room and the open decks. You'll also go below decks to view the crew accommodation, hospital facilities and the laundry. The Royal Yacht **Britannia** gleams from stem to stern, with polished woodwork, shining fittings, remarkably unpretentious furnishings and decor, and a history that captivates. Crossing the wide courtyard in front of the palace, you'll appreciate the pages of history that have turned within the walls of this impressive royal home. Many events of the short reign of Mary Queen of Scots took place at Holyrood and today it remains a royal residence and is the official home of the Queen when she visits Scotland. Your tour takes you up the imposing stairway—the formal approach to the royal apartments—and through the **State Rooms** including the **Great Gallery** with its series of paintings of Scottish rulers. Enjoy **lunch** at a traditional Scottish hotel, conveniently

located between Princes Street and the Royal Mile.

Confident, poised and well groomed—the town of **St. Andrews** is most famous as the home of golf and is also well known for its university—the oldest higher-learning institution in Scotland. St. Andrews faces the sea from above a wide bay on the coast of Fife, and has always been at the heart of Scottish history. The town takes its name from the Apostle Andrew, whose relics, according to legend, were brought here by St. Rule. On arrival in this medieval cathedral town, you will transfer to the famous **Royal & Ancient Golf Club** for an independent stroll across of the Old Course. You will not play a game of golf. There will be some free time for **shopping** before you transfer back to South Queensferry.

The Trossachs Panoramic

Departs: 2:00 PM
Approximately 5 Hours
Adult \$59.00; Child \$29.00

Begin your tour of one of Scotland's most beautiful areas with a drive that follows the south side of the **Firth of Forth** and en route you'll view the towering **Wallace Monument**. Completed in 1869 after eight years of construction, the 220-foot-tall Wallace Monument sits prominently on the Abbey Craig, two miles north of the city of Stirling. It was from this hilltop in 1297 that William Wallace watched the English army cross Stirling Bridge. He led the Scots into the battle of the same name, and to victory. You'll

now head to **Stirling**—a city whose historic quarter feels like a step back in time with its steep, cobblestone streets. **Stirling Castle**, traditionally of huge strategic importance, comes into view. It is set high atop a rocky promontory. Not surprisingly, local lore held that whoever controlled the Castle at Stirling controlled Scotland of old. Relax for a brief coach tour through the **Old Town**, then drive on through the **Trossachs**—an area boasting a magnificent diversity of scenery with dramatic peaks and mysterious forest-covered slopes. This area of wild glens and sparkling lochs between Callander and Aberfoyle is often regarded as the "Highlands in miniature" and was immortalized by Scott's poem, *Lady of the Lake*. At its heart, you'll see the forested slopes of Ben Venue rising above the still waters of Loch Achray. Pass through **Achray Forest** and drive over Dukes Pass with panoramic views of the surrounding tree-clad mountains and distant lochs. This is also Rob Roy country, named for the famous 17th-century Clan MacGregor outlaw and folk hero who roamed these parts. You'll stop in **Aberfoyle**, gateway to the Trossachs and a base for adventurers engaging in outdoor pursuits. You'll then return to the ship via the **Lake of Menteith**—this is Scotland's only "lake" as all the others are lochs.

From the hustle and bustle of Leicester Square at the heart of London's theatre district to the quiet parks and the grandeur of Buckingham Palace, London's fascination lies in its diversity. Old and new stand side by side; history, pageantry and tradition mix

with the modern, eccentric and avant-garde. There's something for everyone here. This full-day tour offers an overall impression of one of the most lively and interesting cities in the world. In the West End, you will find three famous shopping streets—Oxford Street, Regent Street and Piccadilly. View Trafalgar Square and the imposing Nelson's Column. The square is flanked by the National Art Gallery. From there, you will pass through Admiralty Arch and into The Mall. At the far end stands Buckingham Palace, the Queen's London residence. On one side of The Mall is delightful St. James's Park—a quiet and relaxed oasis with flowerbeds and duck ponds. You will see Whitehall with its poignant War Memorial—the Cenotaph—as well as Horseguards Parade and Downing Street, official residence of the Prime Minister. At Westminster, your guide will point out Parliament Square and the Houses of Parliament, the focal point of English history. Nearby is the 13th- to 16th-century architectural masterpiece of Westminster Abbey, the setting for every Coronation since 1066. View the main external features of the building and take photographs. Next you will travel into The City—the captivating square mile that constitutes the Old Town around which modern London has grown. The medieval and Georgian atmosphere still survives, and in this area you will see and photograph the Tower of London and St. Paul's Cathedral. Next, transfer to the airport in time for your flight.

Please note: There will be photo stops at the main points of interest as your panoramic

tour travels through the capital, subject to traffic conditions. This tour ends at the airport and is available only to guests with flights departing after 3:00pm. This tour is not available to guests departing from Gatwick airport.

General Information

guides, services & transportation:

In certain interesting but off-the-beaten-track places, professional guides and vehicles are at a premium. The best available are engaged. For all tours other than the Signature Collection, it is exceptional for drivers of public hire vehicles to speak any language but their own and it is not always possible to obtain air-conditioned buses or taxis in many ports. However, we do our utmost to find the very best excursion packages for your touring pleasure. Guests who leave during a tour for which transportation is included must thereafter provide for their own transportation and services at their own expense. Transportation standards vary from country to country.

self-guided excursions:

Guests who do not join these prearranged shore excursions must rely on whatever transportation is available in each port. If you choose to devise your own excursion, we suggest that you remind the driver or tour escort of the ship's sailing time. Of course, the ship's facilities are fully available to guests while in port.

conditions:

Shore excursions are "Non-Holland America Line Services" for the purposes of your Cruise Contract. This means that shore excursions are not owned or operated by Holland America. Refer to your Cruise Contract for a full statement of your rights and obligations as well as those of the Owner of the Ship, Holland America Line Inc. and certain other persons and entities with respect to Non-Holland America Line Services. In particular, please note that you are assuming the entire risk of utilizing Non-Holland America Line Services subject only to whatever terms or arrangements are made by you or on your behalf with the third party furnishing the Non-Holland America Line Services.

Holland America Line does not assume liability for injuries or damages that occur during or as a result of shore excursions, nor is Holland America Line liable for loss of or damage to any baggage or other property which occurs ashore, for any reason whatsoever. Shore excursions are subject to cancellations or changes. Shore excursion operators reserve the right to deny participation to guests based on such criteria as they may establish. Children under 18 must be accompanied by a parent or responsible adult aged 21 or older.

about pricing, refunds & cancellations:

Rates and descriptions are current as of the printing date. Prices are subject to change without notice and descriptions may vary from the actual tour provided. All cancellations that are made less than 5 days prior to cruise departure are subject to a 10% cancellation fee. There will be no exceptions. In addition, if you cancel your tour reservation after the booking deadline stated in the Shore Excursion Planning Form on board, or if you cancel a Signature Collection private vehicle tour, a 100% cancellation fee will apply since transportation and services will have already been arranged.

cancellation of overland adventures and overnight tours:

The cancellation policy for Overland Adventures and Overnight Tours is (with no exceptions):

- 30 days before tour date: 25% penalty
- 14 days before tour date: 50% penalty
- Within 14 days: non-refundable

Please note that the Cancellation Protection Plan covers pre-booked Shore Excursions, including Overland Adventures and Overnight Tours, if cancellation is made up to 24 hours prior to commencement of cruise. Tours cancelled within 24 hours prior to commencement

of cruising or while on board are not covered by the Cancellation Protection Plan and are subject to the above penalties. In the event a complete tour is cancelled by Holland America Line or the tour operator, pre-booked refunds will be handled on board. Very shortly after each booking deadline/cancellation date, e-mails are sent from the ship to the agencies concerned, informing them of our definite requirements for meals, seats on aircraft, number of automobiles and motor coaches, etc., and commitments are made. If notice of cancellation is received after the booking deadline/cancellation date, a refund can be assured only if the ticket is resold. Guests are encouraged to pre-purchase shore excursions. We recommend speaking with the Shore Excursion Manager on board if you have any questions about your physical ability to take part in any shore excursion. Should you opt not to take the tour following this discussion, full reimbursement will be made provided the cancellation is made within 24 hours of boarding the ship. For Overland Adventures and Overnight Tours, due to the in-depth nature of the adventures, most areas are not accessible to wheelchairs and require a considerable amount of activity.
